Purpose

University Carillon Early Learning Center is a ministry of University Carillon United Methodist Church. It is our prayer that children experience God's love through loving relationships and positive experiences at school in a Christian environment. We accept each child as they are, at their own pace, according to their individual needs.

We provide a safe and nurturing environment that promotes the spiritual, social, emotional, physical and cognitive development of the child, allowing him to grow and develop as Jesus did.

Young children learn through their play experiences. Small groups, hands-on experiences and multi-sensory materials all help define the educational purpose of our classrooms at UCELC.

Our goal is to help children become aware of God's presence and greatness by weaving Christian principles into the total school curriculum.

University Carillon Early Learning Center accepts students of all race, color, national or ethnic origin.

Parent Involvement

We recognize the importance of keeping parents actively involved in the education of their children. As a result, we provide many ways for parents and staff to communicate, and we strive to provide parents with many opportunities to get involved with our

center. We encourage and rely on the extra help of parents to provide children with a variety of fun and educational programs throughout the year. Examples are: Pumpkin Patch, Thanksgiving Program, Gingerbread Night, Winter Wonderland, Mud/Water Days, Spring Program and Dad-N-Me.

Our Staff

You will find our staff to be warm, caring, creative, energetic and knowledgeable. We pray daily that we can be mindful of your needs and those of your child. Our teachers have achieved or exceeded state requirements for child care center staff. Background screenings are performed on all staff. Staff are required to obtain 10 educational hours per school year.

Licensing, Accreditations

Our center is licensed by DCF (License #C07SE0089). We also are a member of UMAP (United Methodist Association of Preschools).
