

Potty Training Policy

We are excited about your child being part of our program for our new school year. **To be in our three-year-old or older program at UCELC your child must be potty trained.** Our three-year old and older rooms are not equipped for diaper or pull-up changing.

Our definition of potty trained is as follows:

- The child wears cloth underwear under their clothing, “pull up” diapers and training pants are **not** considered underwear.
- The child shows an interest in using the toilet when it is scheduled during class time.
- The child knowingly alerts the teacher if they have to use the toilet, or is able to approach the toilet on their own.

Please begin now (if you haven’t already!) to help your child achieve this goal. If you delay it until a few weeks before school starts you could be setting yourself and your child up for an unpleasant experience.

Children who are in a three-year-old or older program will have until the end of their first month of school to demonstrate that they are potty trained. At that point, the child will be asked to withdraw until potty training is mastered.

We are looking forward to another great school year. We cherish the opportunity to make memories with your family.

Blessings,
Jamie Deger

Potty Training Policy

I acknowledge that I have received UCELC’s Potty Training Policy and understand that for my child to attend a three-year old or older program at UCELC that they must be potty trained. The definition of potty trained is as follows:

- The child wear cloths underwear under their clothing, “pull up” diapers and training pants are not considered underwear.
- The child shows an interest in using the toilet when it is scheduled during class time.
- The child knowingly alerts the teacher if they have to use the toilet, or is able to approach the toilet on their own.

Children who are in a three-year-old or older program will have until the end of their first month of school to demonstrate that they are potty trained. At that point, the child will be asked to withdraw until potty training is mastered.
